Subject: Use of Space Shuttle and Aerospace Vehicle Materials as Mementos (Revalidated 3/29/04)

Responsible Office: Public Outreach Division

1. Policy

It is NASA policy that Space Shuttle and Aerospace Vehicle Materials are considered eligible for use as mementos or disposition consistent with Federal law and Agency regulations, as appropriate. Not covered under this policy are items flown on the Space Shuttle, e.g., flags, to be used as mementos as covered by 14 Code of Federal Regulations (CFR) Part 1214.6, "Mementos Aboard Space Shuttle Flights," and items determined to be artifacts as covered by NPR 4310.1, "Identification and Disposition of NASA Artifacts."

a. Space Shuttle and Aerospace Vehicle materials are considered eligible for use as mementos provided that the following occurs:

- (1) NASA determines that they have no value for operations, research, analysis, or other related purposes;
- (2) They have been determined not to be artifacts;
- (3) They are unserviceable and determined to have little, if any, commercial value, and retention is neither needed nor in the best interest of the Government; and
- (4) They represent no danger to the public's health and safety.

b. Disposition of Space Shuttle and Aerospace Vehicles materials may occur through any of the following means:

- (1) May be transferred to other Federal agencies or eligible donees, sold to the general public, abandoned, or destroyed by the designated Center Property Disposal Officer in accordance with Federal Laws, Regulations, NPD 4300.1, "NASA Personal Property Disposal Policy," and NPR 4300.1, "NASA Personal Property Disposal Procedures and Guidelines."
- (2) If in nominal amounts and not exceeding a nominal value, may be given to NASA employees or NASA contractor personnel as mementos for motivational purposes under the authority of this directive.
- (3) May be given to other individuals or organizations as an official NASA gift memento under the authority of this directive when determined to be in the public interest.

c. Mementos provided by NASA to its employees, its contractors, or other individuals will be restricted so that no further subdivision and sale of the material is practical. The recipient cannot utilize such gifts for profit-making purposes.

2. Applicability

a. This NPD applies to NASA Headquarters and NASA Centers, including Component Facilities; and to NASA contractors, grantees, and cooperative agreement partners to the extent specified in the instrument governing the relationship.

b. This NPD does not apply to items flown on the Space Shuttle (e.g., flags to be used as mementos) that are covered by 14 Code of Federal Regulations (CFR) Subpart 1214.6, "Mementos Aboard Space Shuttle Flights."

c. This NPD does not apply to items determined to be artifacts, as covered by NPR 4310.1, "Identification and Disposition of NASA Artifacts."
